

Every year, thousands of children miss valuable school days because of the influenza virus. Offering flu vaccinations in a school setting has proven to be effective in preventing illness and reducing absenteeism.

This year it is even easier to participate in TEACH FLU A LESSON by signing up with a digital consent form. Healthy Schools is scheduled to be at your school to administer flu vaccinations beginning mid-September.

If you would like your child to receive a flu vaccine, please follow the steps below to sign up before the scheduled clinic date. The flu clinic calendar for your child is on www.dadeschools.net.

There will be no out of pocket expense for services provided and the benefit is providing better protection against the flu this season. If you have any questions, contact Healthy Schools LLC at 1-800-566-0596 or email at info@healthyschoolsllc.com.

Sincerely,
The Healthy Schools Team
