

Come join the Robotics Club @ KBCS

KBCS is starting a LEGO/Robotics after school club for 4th and 5th grade students. We will be building LEGOs while learning about the engineering behind building robotic structures! First Lego League Robotics Club is an extra-curricular activity in which team members create, learn, build and demonstrate real-world problem-solving skills which utilize computer technology and research.

Registration begins Monday, September 28th. *Bring your permission slip to the main office before Friday, October 2. Open to the first 25 students who sign up.*

Date: Assigned dates, first meeting on Wednesday, October 7, 2015

Time: 2:05 pm – 3:05 pm

Place: Room 6-532

Coach: Mr. Lara
