

Dear Parents,

During the month of October our school will be participating in the United Way Campaign of Miami-Dade County. United Way is a non-profit organization that raises money to resolve pressing community issues. United Way invests in helping children and youth succeed in school and stay off the streets. It ensures care and companionship for the elderly and gives families the tools to stay together and healthy. United Way helps our community in times of need making Miami-Dade a stronger and safer community for all of us.

Our school will be participating in different activities to contribute to the United Way programs, including an Art Contest "Make a World of Difference" and many other fun activities. Please check our calendar for details.

When you make a gift to the United Way, you are making a powerful contribution to programs supporting education in our community. Thank you in advance for your generosity.

It all starts with you and all the good you make happen!
